Hey Gang:

I know next week is a short week, but I think it prudent to internally prep for our first major substantive interaction with Cathy on the UTAC and Polymet Permits. While I was out, I think I saw that some work had been done on some maps? If so, can someone please shoot them to me?

This may not take 1.5 hours, but we do need to be "ready for bear" when we go up to 19 on Thursday.

Thanks.
